

Summary

Highly motivated Full Stack Web Developer with a robust skill set in the MERN stack and over 1 year of project-based experience. I have a proven track record of developing and deploying dynamic, user-centric web applications and RESTful APIs. As a winner of the Smart India Hackathon, I have demonstrated my ability to solve complex problems and collaborate effectively in high-pressure environments. I am passionate about crafting efficient, scalable, and impactful digital solutions.

Experience & Internship

Full Stack Web Developer - Intern

Global Next Consulting India Private Limited July 2025 - August 2025

- Engineered full-stack web applications using the MERN stack, ensuring high performance and scalability.
- Architected and deployed RESTful APIs with Express and Node.js to manage data flow.
- Developed responsive and modern user interfaces with React.js and Tailwind CSS, enhancing user experience.
- Integrated MongoDB for data management and implemented JWT-based authentication.

Part-time/Billing Specialist

Sri Devi Department Store March 2023 - Present

- Managed inventory and streamlined billing operations using custom POS solutions.
- Gained experience in real-time system troubleshooting and client-facing problem-solving.

Education

B.E. in Electronics and Communication Engineering (ECE)

Velalar College Of Engineering And Technology November 2022 - Present
CGPA: 7.72

Higher Secondary Education (H.Sc.)

Kongu Vellalar Matriculation Higher Secondary School May 2022
Percentage: 78%

Technical Skills

Languages & Core:

JavaScript, HTML5, CSS3, Java

Frameworks & Libraries:

React.js, Node.js, Express.js, Tailwind CSS, Socket.IO, JWT

Databases:

MongoDB

Tools & Platforms:

Git, GitHub, VS Code, npm

Concepts:

RESTful APIs, UI/UX Design, Agile Methodologies, Authentication

Projects

CollaboBoard - Real-time Kanban Board

React, Node.js, MongoDB, Socket.IO, JWT

- Engineered a real-time Kanban board application with instant task synchronization.
- Developed a "Smart Assign" feature and conflict handling to optimize workflow.

Blog CMS Web App - Full-stack Blog Platform

MERN Stack

- Developed a full-stack blog platform with comprehensive CRUD functionality and a rich text editor.
- Integrated MongoDB to efficiently manage and serve blog post data.

Sight Aid - AI-Powered Assistive System

AI, Cameras, LiDAR

- Led a team to develop a smart helmet prototype for the visually impaired.
- Enabled real-time object detection and navigation assistance for visually impaired users.

Certifications

- Web Development (Rinex) - September 2023
- Full Stack Development (Finest Coder) - In Progress
- Data Analytics (NoviTech) - October 2024 - December 2024

Languages

- Tamil (Native)
- English (Professional Working Proficiency)

Achievements

- Winner - Smart India Hackathon 2023 (SIH-2023)
- Finalist - YUKTI Innovation Challenge
